SPECIAL TERMS

1. FORMULATION OF THE BIDS

1.1 The offers shall have to contain all evidence requested by the attached Technical Specifications and the technical remarks of the Inquiry. Technical offers containing lacking or contradictory evidence- according to the Dpt of IPTO performing the technical evaluation – shall be rejected.

1.2 It is stressed that after the unsealing of offers, the submission of complementary evidence is not allowed and any potential, complementary evidence or data submitted this way, shall not be taken into account in the bid evaluation procedure.

1.3 Complementary elements shall be accepted only in case this is requested in writing by the competent services of IPTO SA and this has to do with clarifications on the already submitted offers.

1.4 Alternative offers for the same type of material are not allowed.

1.5 The technical offer shall include full technical description of the offered material (type of conductors, dimensions, factory, country of origin, etc).

Offers not including all of the foregone information in the Technical Offer shall not be technically acceptable.

1.6 Offers, in order to be technically evaluated, shall have- upon penalty of rejection- to contain all the evidence herebelow, stated in compliance with the order and numbering, as follows.

1.6.1 The factory of manufacturing of the offered materials shall be stated together with the following distinct pieces of related information:

- a. Mail address of the factory.
- b. Data on the human resources structure of the factory.
- c. Description of the facilities.
- d. Description of the testing equipment.

All Bidders shall have to state the manufacturers of the material, as well as all related sub-contractors, if any.

1.6.2 An ISO 9001 conformity certificate issued for the factory, which shall cover all offered items, shall be submitted.

1.6.3 They shall also have to submit along with their offer a Quality Assurance Plan (Q.A.P), for the manufacturing procedure of the stated manufacturer and all potential sub-contractors, by which it shall be evident in a detailed way the entire manufacturing procedure, the quality control equipment as well as all quality control stages, including all of the related printed material and referring to the specific international standards and regulations applied.

During the Technical Evaluation procedure, IPTO SA shall reserve itself the right to monitor the production procedure so as to ascertain the application of the QAP and, in general, to conclude on the production procedure, in a way that shall deem the offer technically acceptable or not.

1.6.4 An original Statement of Compliance of the offered material with the correspondent Technical Specifications/ Descriptions of IPTO SA and the technical remarks of the Inquiry, duly signed by the factory of manufacturing, shall be also submitted.
